Tools Required

none

07-Up Rhino Headrest Cover Installation

1. Clean stock headrest.

2. Place Beard Headrest Cover over top of stock headrest. Then, with bottom still open, insert support card up underneath the headrest cover. Then fold bottom of headrest cover down and around to back.

3. Take the Velcro Tabs, tuck underneath roll-bar, and connect together after pulling cover tightly from front.

4. Clean headrest cover.

MUST BE USED IN CONJUNCTION WITH A REAR ROLL CAGE AND SAFETY HARNESS!
